Children Poetry

From the very beginning I noticed that there was, not much attention given to the children's poems in Pashto literature, Quality stuff were scare and meaningful verses were lacking in the textbooks. I undertook the task of writing poems especially for the young kids and have so far written countless Hamds, Naats, National Songs, Topic Poems, Riddles and Prayers. Much of this work has been published in the textbooks, workbooks and teachers guides. Some of them published by the **UNICEF**, The good thing about these poems is their easy to understand style, simple vocabulary and a clear purpose.
